1 GETTING STARTED WITH THE PERM ONLINE SYSTEM

Introduction

The Permanent Online System Web site (PERM) was developed for the Department of Labor (DOL), Employment and Training Administration (ETA), Office of National Programs (ONP), Division of Foreign Labor Certification (DFLC). It allows employers and their representatives (attorneys/agents) to create and prepare Applications for Permanent Employment Certifications and submit them to DOL for processing. The system improves efficiency for both employers and DOL staff by securely saving application information, and providing reliable access to this information for case processing. The Web-based system also provides a search function, reuse capabilities for submitting forms for multiple job opportunities, and hyperlinks to a number of important resources.

This User Guide, designed for employers and attorneys/agents, describes the fundamentals of the Web-based system, including registering, logging in, preparing PERM application, and managing your user account.

User Types

There are two types of users who are allowed to prepare PERM applications using the online system:

- Employers,
- Employer’s Attorneys or Agents

The PERM Online System for foreign labor certification offers a registration feature **for employers only**. Employers can create sub-accounts for their employees or attorney/agent(s), so that these users can submit PERM applications on behalf of the registered employer. This feature ensures security of the PERM system and helps prevent fraudulent use of the program by permitting only the employer applicant to register. This feature also ensures that less time and effort is required when you wish to enter multiple Forms 9089, because the employer information entered at registration is stored in a profile used to pre-populate key fields of the application. This feature is also very helpful in instances where you need to view or print previously prepared Forms 9089 that have been submitted or are still incomplete. If you register as an Employer, you can manage multiple employees and attorney/agents using the PERM Online system.

Benefits of the PERM Online System

The benefits of using the PERM Online System include:

- Faster application processing time
- Ease of use
- Posting, viewing, and updating profile information
- Tracking and viewing the status of prepared applications
- Printing copies of ETA Form 9089 that you have submitted
- Electronic verification of PERM status
- Ability to save a copy of the Form 9089 to your hard drive, network drive, or disk
- Reusing case information (including employer data) from one application to another

System Requirements

Use of the PERM Online System requires the following:

- Internet access (AOL users – there is a known bug with the AOL browser and Web Accelerator that prevents users from properly accessing some web applications. Please use a different browser and/or Internet Service Provider if you experience time-out issues while accessing the PERM Online System through AOL.)
- Web browser (Internet Explorer 5.x or higher, Netscape 4.7 or higher)
- Adobe Acrobat Reader 4.0 or higher
Security Considerations

In the ongoing effort to provide a useful, effective web site for employers to apply for Permanent foreign labor certification, the Department of Labor also must take certain precautions to ensure the security of the system and the data it maintains. We provide here some useful tips and suggestions when encountering security situations with the PERM Online System.

Logging In & Out

- If you are unsuccessful at logging into your account, the system will allow you another login attempt, until you have made three unsuccessful attempts. After that time, your account will be disabled, and you will have to send an email to PLC.Help@dol.gov asking to re-activate your account.

- When you login to the PERM Online System you cannot use another Web browser to log into the same account at the same time. You can only have one session with your account displayed at any given time.

- You will be prompted to change your password every 90 days.

- It is important that you log out of the system when you are not using it. If you leave the system idle for 45 minutes, you will be automatically logged out of the system. In that case, you must log back in when you are ready to continue.

Detecting Computer Security Incidents

Computer incident detection allows us to compile a record of every system incident when detecting or investigating the misuse of the system and its data. For the purposes of this section, an incident is defined as any real or suspected adverse event in relation to the security of the system.

An incident may include activities such as viruses, strange processes running, an outsider logged into the system, or someone attempting to hack the system, etc. Examples of incidents include (1) attempts to gain unauthorized access to the system or its data, (2) compromising the integrity of the information, (3) unwanted disruption or denial of service, (4) unauthorized use of the system for the processing or storage of data, (5) viruses, and (6) damage or change(s) to the system's hardware or software without permission, knowledge, or instruction.

If you notice a security incident, please immediately report it to PLC.Help@dol.gov. We ask that you provide the following information when you encounter an incident with the system:

- Incident Date and Time
- Reporter's Name, Telephone Number, and Email Address
- Incident Description/Problem Summary

Properly compiling and reporting this information allows us to know what happened, when it happened, and to track, record, and resolve the security issue.
2 ACCESSING THE SYSTEM

There are two ways to access the PERM Online System:

- As a first time Registrant, or
- As a Registered user.

To gain authorized access to the PERM Online System as a registered user, you must have created a unique login ID, which you do the first time you access the system. All registered users have access to the rich features of the PERM Online System (see the “Benefits of the PERM Online System” section on p. 6).

Registering as a System User

1. From your desktop, start Internet Explorer or Netscape.
2. Type in the following Address for Internet Explorer or Location for Netscape: http://www.plc.doleta.gov/ and press Enter on your keyboard. An alert message is displayed. Read the message and click OK.

The PERM Online System Login page is displayed.
3. Click in the middle of the page. The Registration page is displayed.

4. Click Setup Employer Profile. The Registration Terms and Conditions page is displayed.
Note: As a Registered Employer, you are required to enter your employer information for easier PERM application data entry, to view the status of your PERM cases online, to update your employer information online, and reuse PERM case data.

Registration

Please read the following terms and conditions:

Permanent Employment Certification - Permanent Online System Use (Terms and Conditions of Use)

Please read the Terms and Conditions of Use below which explains important information about the website's usage. Maintaining your privacy and the security of the data you share with DOL is one of our major commitments to you.

This website is a service provided to employers (and their attorneys or agents) who have documented a shortage of domestic workers and want to bring foreign workers to the U.S. This website allows employers (and their attorneys or agents) to complete the Application for Permanent Employment Certification (ETA Form 1099B). This website will help you complete your applications by providing a tool to do so online.

The following Terms and Conditions for Use of this website apply:

- You are responsible for any and all activities that occur under your PIN for this online system.
- You must take the necessary steps to ensure that others do not use your account to gain unauthorized access to this system.
- Posting material or information that is unlawful, such as obscene materials, inappropriate content, or language on this site is prohibited.
- Your information will not be sold to mailing lists.
- It is your responsibility to submit accurate information. Knowingly furnishing false information in the preparation of this application and any supplement thereof to aid, abet, or counsel another to do so is a federal offense punishable by fine or imprisonment up to five years or both under 10 U.S.C. §§ 2, 1011. Other penalties apply as well to fraud or misuse of ETA immigration documents and to perjury with respect to such documents under 10 U.S.C. §§ 1549 and 1621.
- Unauthorized attempts to upload information or change information provided by this service are strictly prohibited and may be punishable by law.

Do you accept all the registration terms and conditions? If you decline, you will be redirected to the home page. To continue entering information, you must accept these conditions.

Accept Decline

5. Carefully read the terms and conditions provided on the Terms and Conditions page. You can scroll through the text using the down arrow located in the scrollbar to the right of the text.

6. Click Accept to accept the terms and conditions, or Decline to quit the procedure without registering. When you click Accept, the Welcome New Employer page is displayed. On this page, you can enter your user profile information, business identification information, and your agent’s contact information, if you have one.

The Username must be 6-15 characters long. Username cannot contain special characters or spaces.

We will provide you with a unique password which we will send to the email address you have provided. You will be asked to change the password the first time that you login with the login ID you selected. Once you have successfully registered and logged in, we will send you an email with a Personal Identification Number (PIN). This combination of login ID, password, and PIN number will be the "key" to accessing the PERM Online System.

### Employer Business Information

</tbody>
</table>

Enter employer unique 9-digit identification number.
1. Fill in the **User Profile**, **Employer Business Information**, and **Employer’s Contact Information** sections on the **Welcome New Employer** page. Required fields are marked with an asterisk (*).

   **Note:** Your **Username** and **Password** each must be 8-15 characters long. The Username *cannot* contain special characters such as %, &, #, etc. The Password, on the other hand, must contain at least one special character and at least one numeral (0-9).

   **Tip:** Use the “**Same as Employer Information**” checkbox to pre-fill the **Employer Contact Information** section with data from the **Employer Business Information** section, if the employer contact works at the same location as the employer’s headquarters.

2. The **Email address** of the user and employer contact are required as email is the primary mode of communication in the registration process.

3. Click **Submit**. A page is displayed confirming that you registered with the PERM Online System.
4. Click OK.

Your business information is screened for verification when you submit your registration information. If the business information is verified, the employer contact is sent an email containing the username and a temporary password. Use the temporary password to login to the PERM Online System (see Accessing the System as a Registered User below); you will be asked to change your password before continuing. A second email is also sent to the employer contact containing a unique 4-digit PIN needed to submit Perm cases to the Online System.

If your business information is not initially verified, the employer contact is sent an email asking them to send proof of business entity (e.g. articles of incorporation, business license, state registration, etc.) and proof of physical location (e.g. utility bill, tax record, etc.) to the appropriate processing center, based on the area of intended employment for the occupation for which you are submitting applications. These two processing centers are in Chicago and Atlanta. Please be patient – this email may take up to five business days to be sent.

An analyst in the processing center will attempt to verify the business’ existence using the documentation provided by the employer. If the business information is again not verified, the employer contact is sent an email explaining that the registration information was not verified and the user cannot use the PERM Online System. If the business information is verified by the analyst, the employer contact is sent the two emails, one containing the username and temporary password for the system; the other containing the employer’s unique PIN for submitting cases.

5. Follow the instructions in the next section of this User Guide (Accessing the System as a Registered User) to log in and use the PERM Online System if your registration information passes the existence verification process.

Accessing the System as a Registered User

1. From your desktop, start Internet Explorer, Netscape, or other browser.
2. Type in the following Address for Internet Explorer or Location for Netscape:

   Note: Please make sure that you, as the employer contact, complete the initial login into the Permanent Labor Certification System using the credentials supplied you in the Email that you will receive from the Department. Once you have completed your initial login of the system and have successfully changed your password, you may then create sub-accounts for your employees, attorneys, or agents to file Permanent applications on your company’s behalf.
3. Type your **username** in the **Username** field. Your username must be 8-15 characters long, and special characters (*, %, @), & etc.) are not allowed.

4. Type your **password** in the **Password** field. Your password must be 8-15 characters long, and contain one special character (*, %, @), & etc.) and at least one numeral (0-9).

   **Note:** If this is your first time accessing the system, type in the **temporary password** supplied in the email you received after registering to the system. If the temporary password is entered correctly, the system will ask you to change your password and select a **Secret Question** and **Secret Answer** by which the administrator can verify that you are the appropriate user if you ever forget your password (see **Forgot Your Username/Password?** below).

5. Click **Login**
Note: If you are unsuccessful at logging into your account, the system will allow you another login attempt, until you have made three unsuccessful attempts. After that time, your account will be disabled, and you will have to send an email to PLC.Help@dol.gov asking to re-activate your account.

Once you have successfully logged in, the system displays the PERM Online System User Home page. This page contains important information such as news and system alerts. It is important that you read these messages since they may notify you of actions you are required to take, or warn you about upcoming system changes or maintenance issues.

Note: When you login to the PERM Online System you cannot use another Web browser to log into the same account at the same time. You can only have one session with your account displayed at any given time.

Depending on your registration level (Employer or Attorney/Agent), the PERM Online System User Home page displays options giving you access to certain features and functions of the PERM Online System.
Forgot Your Username/Password?

If you forget your username or password, you can request this information via email.

1. With the PERM Online System Home page displayed in your Web browser, click **Forgot your username and/or password?**. The **Forgot your Username/Password?** page is displayed.

2. Enter your username and email address, select the **Secret Question** you chose when you registered, and provide the **Secret Answer**. Click **Continue**. An email response will be sent to you automatically containing your username and password. When you receive the login information, we recommend that you memorize it and delete the email.

   **Tip:** To add an additional level of security, you will be prompted to change your password every 90 days.

Logging Out of the System

To ensure system security, it is important that you log out of the system when you are not using it. When you have finished using the system, you must completely log out. If you leave the system idle for 45 minutes, you will be automatically logged out of the system. In that case, you must log back in when you are ready to continue.

**Tip:** If you are entering a case and have not advanced to a new page in several minutes, you should select ‘Save as Draft’ to save the current data before the system times out. Entering data and making selections on a single page does not register in the system as saved actions; if you do not navigate between pages within 45 minutes, the system will time out, and information not saved will be lost.
To log out, click [logout] at the top of any screen in the PERM Online System. The system returns you the **PERM Online System Home** page and displays a message that you have successfully logged out.
3  MANAGING YOUR PROFILE

When you register on the PERM Online System, you enter specific profile information such as your full name, address, email, fax contact information, and so on. As a registered user, or a user with a sub-account, you have the ability to view and/or modify your user and login information.

Viewing and Editing Your User Information

1. If you are not logged in, follow the instructions provided in Chapter 2 Accessing the System, p. 13, of this User Guide, then proceed to step 2. If you are logged in, proceed to step 2.

2. Select the **MY PROFILE** tab.

3. Click **USER INFORMATION**. The User Information page is displayed.

4. To modify your user information, place the cursor in the field that you want to change and overwrite the information currently displayed in the field. Make sure to space over any additional characters.

   **Note**: If you are an attorney or agent representing a client employer, the information on the User Information screen in My Profile is the data that is populated in the electronic Form 9089 when you enter cases for the employer.

5. Click **Save** to save any changes you made, **Undo** to erase any unsaved changes and start over, or **Cancel** to exit the User Information page without saving your changes.
6. On the next page, select **Done** to return to the **User Home** page, or **Modify** to make more changes to your user information.

---

### Viewing and Editing Your Login Information

1. If you are not logged in, follow the instructions provided in Chapter 2 *Accessing the System*, p. 13, of this *User Guide*, then proceed to step 2. If you are logged in, proceed to step 2.

2. Select the **MY PROFILE** tab.

3. Click **LOGIN INFORMATION**. The **Login Information** page is displayed. The **Username** field is auto-populated with your username.

4. To change your password, click in the **Password** field and type a new password. Your password must be 8-15 characters and contain one special character (*, %, @, &, etc.) and at least one numeral (0-9).

5. Click in the **Confirm Password** field, and type the same password again. Be sure to type the password exactly as you typed it in the previous field. Otherwise, you will receive an error message that your password does not match the **Confirm Password** entry.

   **Note:** To maintain system security, you will be prompted to change your password every 90 days.

6. Click **Save** to save any changes you made, **Undo** to erase any unsaved changes and start over, or **Cancel** to exit the **Login Information** page without saving your changes.

7. On the next page, review the updated information and select **Done** to return to the **User Home** page, or **Modify** to make more changes to your login information.
4 MANAGING EMPLOYER INFORMATION

Registered users (employers and any sub-accounts that have been given the proper permissions – see Chapter 5) can add new employer information, and view or edit the employer’s business and contact information. Required fields are marked with an asterisk (*). This employer information is populated in the electronic Form 9089 when either the employer or their designee (i.e. an attorney in a sub-account) prepares a PERM case for the employer.

1. From any page on the PERM system, select the EMPLOYER DATA tab. The Employer Data page is displayed.

2. Place the cursor in the field you want to change and overwrite the information currently in the field. Make sure to space over any additional characters.

3. Click Save to save any changes you made or Undo to erase any unsaved changes and start over.

4. On the next page, review the updated information and select Done to return to the Employer Data page.
5 Managing User Accounts

Employers can create and manage user accounts for their attorneys or employees. This feature is useful if a company or law firm employs several people to work on visa issues and needs several accounts to access employers’ PERM records online. The employer may give access to the attorneys, agents or employees to manage users’ accounts.

In this paradigm, only the employer can create sub-accounts under their employer account. The users with the sub-accounts can enter, edit, reuse, and withdraw PERM applications, but they cannot create new user accounts, nor can they edit the employer’s business information.

The employer master account can view and edit all of the sub-accounts he/she has created, but the sub-accounts cannot “see” the other sub-accounts the employer has created. When entering cases, the sub-account will notice that the employer’s information on the electronic ETA Form 9089 is pre-filled and cannot be edited by the user in the sub-account. When the employer is entering cases, they will have the option of choosing from a list of attorneys/agents that they have already used to populate the Attorney/Agent section of the ETA Form 9089.

Adding a User

1. From any page on the PERM system, any person granted the right to manage user accounts can select the User Accounts tab. The User Access List page is displayed.

   Note: If you have not activated the user account feature, click Activate User Account in the middle of the page.

</tr>
</tbody>
</table>

2. Select Add New User. The User Information edit page is displayed.

3. In the User Information section, type the new user’s information in the displayed fields. Mandatory fields are indicated with an asterisk (*).

4. In the Login Information section, type the new user’s username.

5. In the Security Access section, select the box next to the access level(s) you want the user to be given.

   Note: Sub-accounts do not have the permissions to Manage User Accounts or Edit Employer Data.
6. Click **Save** to save any changes you made, **Undo** to erase any unsaved changes and start over, or **Cancel** to exit the **User Information** page without saving your changes.

**Viewing, Editing, and Deleting User Accounts**

1. To display a user’s account information for review, select **view** next to a user name in the **User Access List** table. The **User Information** view-only page is displayed.

2. Select **Modify** if you want to edit the displayed information. Select **Done** to return to the **User Access List**.
3. To edit a user’s account information, select **edit** next to a user name in the **User Access List** table. The **User Information** edit page is displayed.

5. Click **Save** to save any changes you made, **Undo** to erase any unsaved changes and start over, or **Cancel** to exit the **User Accounts** page without saving your changes.

6. To delete a user account (other than your own), check the box next to the user’s name in the **User Access List** and select **Delete**. The user information is removed from public access but will remain in the DOL database. You may also delete multiple user accounts by checking the box next to each user listed, and selecting the **Delete** button.

6 **SUBMITTING PERM CASES**

The PERM Online System allows employers and agents to easily prepare a PERM application and submit it to DOL for processing. The online data entry allows faster processing of PERM applications and the ability to view the status of the case within minutes.

**Completing the ETA Form 9089**

1. From any page on the PERM system, select the **MY APPLICATIONS** tab. The **Search Cases** page is displayed by default.

   ![Search Cases](image)

   You can use this screen to search any cases you have started or submitted in the PERM Online System (see Chapter 9 – Searching and Managing PERM Cases).

2. Click **CREATE CASE**. Step 1 of the case is displayed.

   ![Create Case](image)

   **Note:** At the top of each Create Case page, the system displays the step of the online ETA Form 9089 you are currently using. As the step is completed, it changes color from gray to yellow. The Step you are currently on is displayed in blue. You can also navigate back and forward between completed Steps by clicking on the Step number.

   ![Step Navigation](image)

**Completing Step 1 of the ETA Form 9089**

1. In the first section of the electronic ETA Form 9089, mark whether you are requesting to use the filing date from a previously submitted Application for Alien Employment Certification (ETA 750).

   ![Filing Date Options](image)
**Note:** Employing or continuing to employ an alien unauthorized to work in the United States is illegal and may subject the employer to criminal prosecution, civil money penalties, or both.

**Tip:** Many of the fields in the electronic Form 9089 may appear gray and you cannot type in them (for instance, fields 1-A and 1-B). These fields will become “enabled” after you answer the associated question in a certain way.

2. In section B of the 9089, select whether this application is in support of a Schedule A or Sheepherder occupation. If you answer Yes, you will navigate to Step 2 of the Form to fill out your employer address information. At the end of that step, you will not be allowed to continue entering information into the ETA Form 9089, as you must apply directly to the appropriate Department of Homeland Security office.

3. To continue to **Step 2** of the **Form ETA 9089**, click **Next Page**. **Step 2** is displayed.

**Tip:** Use **Save As Draft** to save your work on the form up to that point. You will be able to return immediately to the form where you left off, or return to it at a later time. To view instructions on how to find and return to Incomplete Cases, see **Chapter 7 - Searching and Managing PERM Cases**.

**Tip:** Use **Reset Yes/No Selections** to blank out the Yes/No radio button selections on a page. If you just need to choose the other option (i.e. Yes instead of No), simply select it.

**Completing Step 2 of the Form ETA 9089**

1. In **Step 2**, you will view the employer’s business information, and enter the Number of Employees.

**Note:** Employer information in fields (1-4) and (6-8) should be pre-populated from the **Employer Data** entered during registration.
2. Enter the **Number of employees** in the area of intended employment in field (5).

3. Select whether the employer is a closely-held corporation, partnership, or sole proprietorship in which the alien has an ownership interest in, or if there is a familial relationship between the owners, stockholders, partners, corporate officers, incorporators, and the alien in field (9).

4. Click **Next Page** to continue to Step 3 of Form ETA 9089. Click **Previous Page** to return to Step 1 of Form ETA 9089.

**Completing Step 3 of the Form ETA 9089**

1. In **Step 3**, you will enter the employer’s contact information and agent/attorney information, if applicable.

   **Note:** Employer Contact information should be pre-populated from the Employer Data section of the employer’s account.

   **Tip:** You can populate this section with the same data from the Employer’s Information by clicking on the checkbox labeled “Same as Employer Information.”
2. Enter the **Agent or Attorney Information** in Section E.

9. Complete the next Alien Work Experience (fields 1-9) and again click **Add This Alien Experience** to add that experience to the list.

10. To edit or delete an experience, select the experience using the button to the left of the list and click the appropriate button at the bottom of the table. An **Edit Alien Experience** window is displayed.

11. Edit the work experience information as necessary. Click **Save This Alien Experience** when you’re finished editing the fields.

12. When you’ve completed all the alien’s work experiences and added them to the list, click **Next Page** to continue to Step 12 of **Form ETA 9089**. Click **Previous Page** to return to Step 10 of Form ETA 9089.

**Completing Step 12 of the Form ETA 9089**

1. In Step 12, the employer and alien will make a declaration of authenticity of the PERM application and enter the name of the preparer if the employer did not complete the application.
2. By entering their **Full Name** in section L, the alien is attesting that Sections J and K of the Form 9089 are true and correct. They are also attesting that they intend to accept the position offered in section H of the application if a labor certification is approved and they are granted a visa or an adjustment of status.

3. In section M, answer whether the application was completed by the employer. If not, complete fields (2-4) with the preparer’s information.

4. In section N, enter the employer’s **Name** and **Title**.

5. In the last section of the ETA Form 9089, enter the 4-digit **PIN number** sent by email to the applicant at registration. This email is distinct from the email sent with the user’s username and password. This PIN is unique and directly tied to the employer.
6. If you would like to preview the ETA Form 9089 before submitting it to the Processing Center, click **Preview**. To return to the electronic ETA Form 9089, click **Return to PLC** at the bottom of the Preview page.

7. Click **Submit** to save the electronic ETA Form 9089 and display the **Pre-Submit Confirmation Screen**.

**Confirming and Printing Your PERM Application**

1. If you choose to “Submit” your case, the **ETA Form 9089 Pre-Submit Confirmation** screen is displayed.

   **ETA Form 9089 Pre-Submit Confirmation**

   Please print this page for your reference. You will need it in order to complete the ETA 9089.

   By submitting this application now it will be forwarded to the appropriate Processing Center for further processing and you will not be allowed to edit or modify it at a later time.

   To submit now, please click on the “Submit” button. Please click on the “Save as Draft” button only if you wish to edit or modify the application at a later time and you are not yet ready for it to be forwarded to the appropriate Processing Center.

   **ETA Case Number:** T-05097-00691
   **Employer Name:** TONY'S PIZZA PARLOR
   **Date of Preparation:** April 07, 2005
   **Case Status:** Incomplete

   Thank you for using the Permanent Online System.

   **Save As Draft**  **Submit**  **Cancel**

2. Here, you can choose to Save the case before finally submitting it. Or click **Submit** to save the electronic Form 9089 to the PERM database and send it through the decision processing system. The Decision Matrix checks the case for obvious errors and deniable or auditable items.

**Note:** The ETA Case Number listed (T-xxxxx-yyyyyy) is a temporary case number, assigned when a case is Incomplete. After you click **Submit**, the system assigns a new case number with only the first letter changed. If the work to be performed is in the Eastern U.S., it will be assigned the letter “A” to indicate the case will be processed in Atlanta; if in the Western U.S., it will be assigned the letter “C” as the case will be processed in Chicago. The other digits remain the same and you can search for the case using as few as five of those digits.

The Print and Sign page is displayed after you click “Submit.” You should print out the Form 9089 for your own records.
Note: You do not need to sign the ETA Form 9089 that you print out at this time. However, you will be required to obtain all of the appropriate signatures upon receipt of the certified ETA Form 9089.

3. To print Form 9089, click the large button in the middle of the page.

Note: You must have Adobe Acrobat Reader 4.0 or higher installed on your computer to print the Form 9089.

- A separate Adobe Acrobat window will appear from which you can review the completed Form 9089.
- Print it on your local printer by clicking the icon on the PDF form.
- You can also save the completed forms to your computer’s hard drive by selecting the icon on the PDF form.
SEARCHING AND MANAGING PERM CASES

The PERM Online System allows you to locate and retrieve existing PERM applications for viewing, printing, and reusing. You can locate a specific PERM case by entering the unique ETA Case Number assigned to it by the system, or you can search cases by entering search criteria on the Search Cases page and generating a Search Results list. From this page, you may also withdraw one or more PERM applications.

Searching and Listing PERM Cases

1. From any page on the PERM Online System, select the tab. The Search Cases page is displayed by default.

2. If you need to search on something other than the ETA Case Number, click Advanced Search. The Advanced Search Cases window is displayed.

3. Enter search criteria data in the Search Cases page’s fields. Enter more data to further refine your search.
   - You can manually type a date range in the Date Prepared fields (in mm/dd/yyyy format), or you can click the associated calendar icons to display the calendar and select a date on the calendar to auto-populate the Date Prepared fields.
   - Click in the upper right-hand corner of the Calendar window to close the window.
   - You can search cases by their status in the system. Use the drop-down menu to select a Status.

4. Click The Search Results list is displayed.
Note: The search results table also displays the total number of records found. The maximum number of records displayed on the page is 20. To view additional records, click [Next]. To go back to records on previous pages, click [Previous].

5. To sort the search results, click the column headers, i.e. **ETA Case Number**, **Date Prepared**, or **Status**.

6. To print the search results on your local printer, click **Print Search Result**. Then use the printer icon on your web browser to print the resulting page.

### Viewing and Printing Cases

1. Follow the instructions provided in the previous section (§ Searching and Listing PERM Cases) of this User Guide to search PERM cases, then proceed to step 2.

2. You may view completed Forms ETA 9089 by selecting a case link in the **ETA Case Number** column. The **Case Information** page is displayed.

3. To view the form, select **View Form 9089**. The **PERM View** window is displayed. You are not permitted to edit a submitted application.

4. When you are finished reviewing the PERM form, click [X] in the upper right-hand corner of the **PERM View** window to close the window.
Note: You should close the PERM View window after viewing a form. This is important because the system will open a new window each time you view a PERM form, and you could run out of system resources if you do not close windows that are not needed.

5. To print a form, click **Print Form 9089** on the Case Information page to display the PERM form in Adobe Acrobat. To print the form, you must have Adobe Acrobat Reader 4.0 or higher installed on your computer. Use the **button at the top of the PDF form to print the document to your local printer.

Reusing a PERM Case

The user may elect to create a new Form 9089 that is pre-populated with data copied from an older 9089. This saves the user time by allowing them to bypass several questions and fields in completing the Form 9089.

1. Follow the instructions provided in § Searching and Listing PERM Cases of this chapter to search cases, then proceed to step 2.

2. On the Case Information page, click **Reuse**. The first step of the Create Case is displayed. See Chapter 6 Submitting PERM Cases, p. 25 for instructions on how to enter a PERM case.

3. You will notice as you step through the case that many of the fields are already populated with an answer or text. You can edit and change these fields as you like.
Searching Incomplete Cases

If you have not completed the Form ETA 9089, you can access the case through the Search Incomplete Cases screen.

1. From any page on the PERM Online System, select the MY APPLICATIONS tab. The Search Cases page is displayed by default. Select the subtab SEARCH INCOMPLETE CASES. The Incomplete Cases page is displayed. If you have incomplete cases saved, the search results table will automatically list them.

2. Select an incomplete case using the link in the ETA Case Number field. The last step of the case that you were working on when you ‘Saved as Draft’ is displayed.

3. Edit any field on that step, or select one of the step buttons at the top of the page to edit that particular step, if you have already worked on it. If you are mid-way through entering the case, use the Next Page button to advance to the next unedited page.
Withdrawing a PERM Case

If you have been given the proper access privileges in your user account (see Chapter 5 Managing User Accounts) you may withdraw PERM applications from the PERM Online System using the Withdraw Cases page. You may only withdraw online those applications that have placed in a status of “Pending”, “Sponsorship” or “Incomplete”; you cannot withdraw cases online that have been “Denied”. When a DOL analyst has begun the review process, the case is moved out of “Pending” status and may not be withdrawn without a written withdrawal request from the employer or their agent/attorney.

1. From any page on the PERM Online System, select the tab. The Search Cases page is displayed by default. Select the sub tab. The Withdraw Cases page is displayed. If you have cases “Pending”, “Sponsorship”, or “Incomplete”, the search results table will automatically list them.

2. On the Withdraw Cases results page, select the checkbox in the Withdraw column next to a listed case. You can select multiple cases to withdraw.

3. Click . The Withdraw Permanent Case(s) page is displayed.

4. Enter the PIN assigned to the employer and click . The PERM application (Form 9089) is withdrawn from the Processing Center queue and from your account. A record of the case remains in the system as ‘Withdrawn.’
Providing Feedback

The PERM Online System allows the user to provide feedback pertaining to any features, content, or functionality of the system. The DOL takes such feedback very seriously in its efforts to continually provide quality service to users of the PERM Online System.

Submitting a Comment

1. From any page on the PERM Online System website, select the HOME tab. The PERM Online System User Home page is displayed.
2. Select the SUBMIT COMMENT tab. The Online Feedback page is displayed.

How Do I Obtain Technical Assistance?

If you experience problems with the system, please send an email to PLC.Help@dol.gov. Include a detailed explanation of the problem you are experiencing, along with the urgency of your request for help. Also, include a contact name and phone number of the person to call in case additional information is needed. An experienced technician will either respond to your email or contact you to discuss a solution over the phone.

Frequently Asked Questions (FAQ’s)

As the PERM Online System matures, the list of Frequently Asked Questions (FAQ’s) will be updated to ensure that questions and answers are presented to all system users in a timely manner. We recommend that you take the time to read over the FAQ’s periodically. To read the FAQ’s online, click FAQ. An Adobe Acrobat PDF version of the FAQ’s is displayed in a new browser window. Keep in mind, you must have Adobe Acrobat Reader 4.0 or higher installed on your computer in order to view PDF files. Use the print icon at the top of the window to print the file to your local printer.
PERM - External Upload Quick Guide

This *Quick Guide* was prepared for external users for PERM CMS as a basis for instruction for using the external upload functionality. It was prepared to serve as a handy desk reference. The external user will now be able to upload documents to the system as needed. This function is not specific to any specific external role, (i.e. employers, agents, attorneys) all have the capability to upload documentation.

- **Pre-condition:** The external user will already be logged into the system, and the ‘My Applications’ tab will be selected.
- The user will now see a new sub-tab under the ‘My Applications’ tab, which is ‘Upload Documents.’

![Upload Documents](image)

- The user will now search for the case number for the application that he/she wants to upload documents too.
- The system will display the search results.

**NOTE:** Documents can be uploaded up to 30 calendar days after the notice of proposed final agency action is issued on an application. The ability to upload documents up to 30 calendar days after the notice of proposed final agency action is issued on an application shall not be construed to: 1) supersede time frames and deadlines imposed by the Department’s actual notice letters to filers in any medium (electronic or otherwise); or,
2) supersede applicable regulations governing the Department’s permanent labor certification program.

**NOTE:** Documents can’t be uploaded to an application in the status of ‘Incomplete’ or ‘Certified-Expired’. Also if you’re an agent or lawyer, only the account that created the application has the ability to upload documents.

- The user will then click on the case number enabled hyperlink.
- The system displays the Upload Documents page.
• The user selects the **Browse** button, and selects the file in which he/she wants to upload. The file name will display in the ‘Select File’ field, which is a required field. The maximum size limit per individual document upload is 30MB.

• Next, the user proceeds to the ‘Category’ field and makes a selection from the dropdown menu. The system populates the selection in the ‘Category’ field, which is a required field.

**NOTE:** The fields “Category” and “Document Type” are related to the application’s processing queue (i.e., Audit, Appeal, SR, etc.)
The user will now select a ‘Document Type’ and choose from options in the dropdown menu. The system populates the selection in the ‘Document Type’ field, which is a required field.

The user may elect to enter a ‘File Name’ manually in the free form text field. For example, if the user is uploading multiple iterations of the same document type, the user may elect to give the document a name designation such as ‘Part 1’ etc.

**NOTE:** This field is optional.

The user may elect to enter a ‘Note’ specifically pertaining to the document upload. The ‘Note’ maximum character limit is 250.

**NOTE:** This field is optional.
The user selects the Upload button.
The system displays the document that was uploaded.

The user will now select the **Save** button. This is when the document is actually uploaded and saved. The system creates an item in the case events log for this action. Also, it creates a case note automatically. Last, the system sends email notification to the external point of contact, and routes an email notification to the internal mailbox based upon the case status.

The user has the option to upload additional documents if necessary.

If the user selects the **Cancel** button, prior to saving the action is canceled.

If the user selects the checkbox corresponding to the uploaded file prior to saving and selects the **Delete Selected Attachments** button, the file will be deleted.
The system displays an attachment icon which indicates that a document has been uploaded.

In order to view/retrieve the document that was uploaded, click on the attachment icon under ‘Attachments’.

The system displays the uploaded documents.

The user clicks on the ‘file name enabled hyperlink’ to view/retrieve the document.
